## lineground media system

L41

The L41 lineground media system joins the family of servers and media units as a large, highly customizable cabinet well-suited to an array of settings from the living room to the boardroom. Configured as standard, the L41 offers a centered bank of graduated drawers in maple timber with cork-lined bottoms, soft-closing concealed runners, and low-profile tab pulls. Doors flank the drawers and are side hinged. Cabinet areas have adjustable shelving and may optionally be outfitted with pull-out drawers. Door and drawer faces are to match, with leather overlays, or opaque colors. Connectivity, wire management, and ventilation are available for technology integration. Custom sizes, configurations, and materials are available. Residential or contract use.
